## Insurance in your super

Insurance through your super may be a tax-effective way of providing financial security to you and your family should you become disabled or die.

The Fund offers eligible Super Plan members insurance cover for:

- death only
- total and permanent disablement (TPD) only
- death and TPD
- salary continuance.

Subject to eligibility, Super Plan members can apply for insurance by completing the 'Insurance cover' section within the 'Member application' form and, if required, the 'Insurance application' form included with this document (also available from our website or by contacting us). In this case, your insurance cover won't commence until we confirm in writing that your application has been accepted.

We recommend that you seek advice on the types and amounts of insurance cover that are appropriate for you.

### Reducing or cancelling cover

You can reduce the sum(s) insured or cancel your death, TPD and/or salary continuance cover at any time by completing the 'Application to reduce or cancel cover' form available from our website. You can also choose to change your waiting period and/or benefit period for your salary continuance cover.

If you cancel your cover, you will no longer be insured for that cover and you (or your beneficiaries) will not be able to make an insurance claim for that type of cover. Once you have reduced or cancelled any cover, you will need to complete an insurance application form and be underwritten by the insurer if you subsequently wish to increase your cover amount or reapply for that type of cover.

### Cooling-off period for cancellations of cover

If you cancel your cover within 14 days of the date from which your cover commenced or was increased, all cover or the additional cover (as applicable) will be cancelled from the date that cover first commenced and any premiums paid for that cover will be refunded to your member account.

## Insurance summary

## Important additional insurance information

### The insurer

The insurance cover constitutes a benefit provided under the Fund. The insurance cover is provided to the Trustee by AIA Australia Limited (the insurer) (ABN 79 004 837 861, AFSL 230043). The insurer has consented to the statements referable to it in this document in the form and context in which they are included.

Your insurance benefits are subject to the Fund's Trust Deed and the insurer's Policy Document, the main features of which are described in this document. You can obtain a copy of the detailed Policy Document by contacting us. If any of the main features change, we will notify you in writing. If there are any inconsistencies between the information in this document and the terms set out in the Policy Document, the Policy Document will prevail.

### The duty to take reasonable care

Before you enter into a life insurance contract, you have a legal duty to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty applies to a new contract of insurance and also applies when extending or making changes to existing insurance, and reinstating insurance.

When you apply for life insurance, the insurer conducts a process called underwriting. It's how the insurer decides whether they can cover you, and if so, on what terms and at what cost.

The insurer will ask questions they need to know the answers to. These will be about your personal circumstances, such as your health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance. The information you give the insurer in response to the questions is vital to their decision.

### If you do not meet your duty

If you do not meet your legal duty, this can have serious impacts on your insurance. There are different remedies that may be available to the insurer. These are set out in the Insurance Contracts Act 1984 (Cth). These are intended to put the insurer in the position they would have been in if the duty had been met.

Your cover could be avoided (treated as if it never existed), or its terms may be varied. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where the insurer later investigates whether the information given to them was true. For example, the insurer may do this when a claim is made.

Before the insurer exercises any of these remedies, the insurer will explain their reasons and what you can do if you disagree.

### Guidance for answering our questions

You are responsible for the information provided to the insurer. When answering their questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond
- Answer every question
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it
- Review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

### Changes before your cover starts

Before your cover starts, the insurer may ask about any changes that mean you would now answer their questions differently. As any changes might require further assessment or investigation, it could save time if you let the insurer know about any changes when they happen.

### If you need help

It's important that you understand this information and the questions the insurer asks. Ask us or a person you trust, such as your adviser for help if you have difficulty understanding the process of buying insurance or answering the questions.

If you're having difficulty due to a disability, understanding English or for any other reason, we're here to help. If you want, you can have a support person you trust with you.

### Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any impact on the cover.

### Personal health information

If you apply for insurance cover, you will be required to provide personal health information. If you do not provide us with your relevant personal health information, it will not be possible to assess your insurance application.

We require your consent to collect, use or disclose your health and other personal information, which is collected and provided to the insurer to assess your eligibility for insurance and to administer your application.

Should you make a claim for an insurance benefit, your health and other personal information may be disclosed to the insurer, medical practitioners, claims investigators, reinsurers, the insurance reference bureau and such other experts as may be nominated by us or the insurer.

If there is any dispute about your entitlement to a disability benefit or any insurance related claim, your health and other personal information may be disclosed to legal and other advisers.

Your privacy is important to us and the insurer. By becoming a member, or otherwise interacting or continuing your relationship with us and the insurer directly or via a representative or intermediary, you confirm that you agree and consent to the collection, use (including holding and storage), disclosure and handling of personal and sensitive information in the manner described in our or the insurer's privacy policies which are available at [www.perpetual.com.au](http://www.perpetual.com.au) and [www.aia.com.au](http://www.aia.com.au).

## Short-form personal statement

A short-form personal statement with no other medical evidence is available if you are under age 55 and applying for:

- death only cover up to \$1 million
- TPD only or death and TPD cover up to \$1 million
- indemnity salary continuance cover up to \$8,000 per month,

provided you are able to answer 'no' to all 'yes/no' questions within the 'Insurance cover' section of the Super Plan application form in the 'Your Super Plan account' document.

If you do not satisfy the above requirements, you will need to complete the separate 'Insurance application' form included with this document.

## Medical evidence

Medical evidence, as specified in the 'Medical evidence tables', will be required if you apply for cover that exceeds relevant dollar limits. These medical evidence requirements are current as at the date of this document, but may be varied by the insurer at any time.

## Transfer of existing insurance cover

If you are currently insured under another fund or policy, you may transfer your existing cover to the Fund to establish or increase your cover under the Fund, subject to the following conditions:

- you must be eligible for cover under the Fund
- you are under age 65 at the date of transfer
- a maximum of \$2 million death only, TPD only or death and TPD cover and a maximum of \$15,000 per month salary continuance cover can be transferred, subject to the total maximum cover amounts you can hold under the Fund

- you are physically capable of undertaking gainful employment for at least 30 hours per week
- the other fund or policy has a maximum loading of 100% or no more than two exclusions
- you must provide us with a copy of:
  - your most recent member statement if insurance was provided under automatic acceptance conditions or
  - the acceptance advice and your most recent member statement/renewal certificate where cover was obtained through underwriting
- your cover under the Fund will be based on the terms, conditions, premiums and occupation categories provided in the Fund
- if your cover in the other fund or policy was accepted on non-standard terms, all loadings, restrictions or

exclusions applicable under the other fund or policy will continue to apply under your Fund cover.

Further information can be obtained by referring to the 'Insurance transfer form' available in the forms section of our website, which you will need to complete to request a transfer of existing cover. **You should not cancel any existing insurance cover until you have received written confirmation that your insurance cover has been accepted under the Fund.** Your replacement cover will not commence in the Fund until the insurer accepts your application and the existing insurance in the other fund or policy is cancelled.

## Life stage event option

The life stage event option enables you to increase your death only, TPD only or death and TPD cover up to certain limits without providing further medical evidence when one of the life stage events listed in the table occurs.

The following conditions apply to increases in death or TPD cover under this option:

- you must be under age 65 at the time of applying
- satisfactory proof of the personal or business event (eg marriage certificate, birth certificate, mortgage documentation, etc) must be provided to the insurer for consideration
- the request for the increase and supply of documentation must occur within 60 days of the life stage event occurring
- applications for more than one event per year are allowed, subject to overall increases not exceeding \$200,000 in any 12-month period
- total increases made under this option cannot exceed \$1 million over the duration of your cover
- your existing cover must be on standard terms without any special exclusions, restrictions or premium loadings
- if you die or become disabled within six months after being provided an increase under this provision, the increased death or TPD cover amount will only be paid if death or disablement occurs as a result of an accident or sickness that occurred on or after the date increased cover commenced
- no benefit will be payable on the increased insured amount if the claim is caused as a result of an intentional, self-inflicted act, whether sane or insane, within 13 months from the date of any increase under this option
- if you are not at work on the date that the insurer accepts an increase under this option, new events cover will apply to the increased death or TPD cover amount until you return to work for one day, at which time full cover will apply
- you must not have made a claim or be eligible to make a claim under the Fund or with any other insurer.

## World-wide cover

Insured members are generally covered 24 hours a day and may travel or work in any part of the world.

## Cessation of cover on inactive accounts

Under superannuation law, insurance cover must be cancelled if your account remains inactive for a continuous period of 16 months unless you have elected in writing to keep your cover. For this purpose, an account is deemed 'inactive' if it has not received any contribution (including transfer/rollover from another superannuation fund) for a continuous period of 16 months.

We will notify you once we have not received a contribution for 9, 12 and 15 months. If you would like to maintain your insurance cover, **before** your account becomes inactive for a continuous period of 16 months, you must do one of the following:

- make a contribution to make your account 'active'
- set up a savings plan to make regular personal contributions to your account so that your account will not be deemed to be inactive in the future
- complete and return the 'Insurance election form', which we'll also provide with our notification, to permanently opt-in for insurance cover (unless you subsequently advise otherwise).

Otherwise, we are required to cancel your insurance cover after the end of the period for which premiums have been paid once your account becomes inactive for a continuous period of 16 months.

## Reinstatement of cover on inactive accounts

Your cover will be reinstated and treated as if it had never ceased if we receive a request from you to do so within 60 days of cessation, subject to the payment of any backdated premiums. After this time, you will need to reapply and be accepted for any insurance cover.

## Salary continuance benefit types

Subject to eligibility you can apply to be insured for a salary continuance benefit for an agreed value or on an indemnity basis. Under the agreed value benefit type, the insurer will pay a claim based on the lesser of your salary at application stage (provided your income details were correctly disclosed at the time) and 100% of your pre-disability income. Under the indemnity benefit type, the insurer will pay a claim based on your salary prior to your disability.

The following additional conditions apply for an agreed value benefit:

- satisfactory financial evidence must be supplied to the insurer for consideration at the time of applying for cover
- an additional premium cost of 20% of the relevant premium rate
- you must meet all other eligibility conditions at the time of your claim
- your occupation type is considered professional, white collar or light blue collar at the time of applying for cover.

## Salary continuance offsets

Any salary continuance benefits that are paid to you may be reduced by any amount which you receive from:

- workers' compensation
- motor accident legislation
- social security
- any other legislation
- other salary continuance benefits from any insurer
- any paid sick leave
- ongoing payments from an employer
- other ongoing income generated from ownership in a business or practice which was allowable as insurable income when you applied for cover.

## Recurrent disability

If you have returned to work and you suffer a recurrence of your disablement from the same or related causes within six months of recovery or your salary continuance benefit ceasing, salary continuance payments will recommence immediately without a waiting period. The maximum claim period will be adjusted to take into account prior claim payments.

## **Making a claim**

You or your representative must notify the Trustee in writing as soon as possible after you become aware of any claim or potential claim. Claim forms and details of other paperwork required are available by contacting us.

You or your representative must provide any information the Trustee or insurer may reasonably require. For any terminal illness, TPD or salary continuance claims, you may also be required to undergo medical examinations to properly assess the claim. If you are overseas at the time, you may be required to return to Australia (at your expense) for assessment of the claim.

## **Receiving an insurance benefit**

Any death, terminal illness or TPD insurance benefit paid into the Fund on your behalf will be invested in the Cash investment option until we are able to pay the insurance benefit to you or your dependent(s) or to your legal personal representative, or we receive other investment instructions from you or a properly authorised person.

### **Death**

If you die while covered under the Fund, your death benefit will generally be paid to one or more of your dependants or to your legal personal representative (see 'Death benefits' in the separate 'Your Super Plan account' document for further information).

### **Terminal illness**

If you become terminally ill (see 'Definitions' for details), the insured death benefit will be payable.

### **Total and permanent disablement**

In the case of total and permanent disablement while you have TPD cover, your claim will be assessed by the insurer against the Policy Document and by the Trustee against the Policy Document, Trust Deed and superannuation law before any TPD benefits are paid.

### **Total or partial disability**

In the case of total or partial disability while you have salary continuance cover, your claim will be assessed by the insurer against the Policy Document and by the Trustee against the Policy Document, Trust Deed and superannuation law before any salary continuance benefits are paid. Salary continuance benefits are taxed as income when paid to a member.

The benefit you receive will depend on whether you have an agreed value or indemnity benefit type. If you have an agreed value benefit type you will receive the lesser of the pre-determined amount of monthly benefit and 100% of your salary at the time of your claim. If you have an indemnity benefit type you will have your income assessed at the time of your claim.

If you receive a salary continuance benefit, you must maintain a Fund account. If you don't meet this requirement, any superannuation component forming part of your salary continuance benefit will no longer be payable.

## Definitions

The following definitions will apply to insured members.

### General

#### Australian resident

An Australian resident includes a person who is:

- either an Australian citizen or holder of an Australian permanent resident visa
- a New Zealand citizen holding a current special category visa who is residing in Australia indefinitely.

### For death cover

#### Accidental death

Death by accident means death directly and independently of any other cause from an unforeseen and unintended accident happening to you and caused by violent, external and visible means.

#### Terminal illness

You will be considered terminally ill if you were diagnosed with an illness and:

1. in the insurer's opinion, formed reasonably in good faith and in light of all available medical evidence, it is likely that you have less than 24 months to live regardless of any treatment undertaken
2. two registered medical practitioners (with at least one of these being a specialist in the relevant area) certify in writing that, despite reasonable medical treatment, it is likely that you have less than 24 months to live and
3. you were diagnosed as terminally ill both while death cover was effective and when the claim is lodged.

### For TPD cover

#### Accidental TPD

TPD by accident means total and permanent disablement directly and independently of any other cause from an unforeseen and unintended accident happening to you and caused by violent, external and visible means.

#### Standard TPD definition

If you were gainfully employed in the 12 months before the cause of a claim (or on approved unpaid leave or maternity/paternity leave for up to 24 consecutive months with documented evidence of an agreed return to work date) and under age 65 immediately prior to disablement, TPD means that:

- you have suffered a disability as a result of injury, sickness or disease and
- you have not performed any work for an uninterrupted period of at least six consecutive months solely due to the same injury, sickness or disease and
- you are attending and following the advice of a registered medical practitioner and have undergone all reasonable and usual treatment, including rehabilitation for the injury, sickness or disease and
- after considering all of the medical and other evidence the insurer may require, have become, in the insurer's opinion, incapacitated to such an extent that you are unlikely ever to be able to engage in any occupation for which you are reasonably suited by education, training or experience.

## Activities of daily living TPD definition

If you were not gainfully employed in the 12 months before the cause of a claim (unless you are on approved unpaid leave or maternity/paternity leave for up to 24 consecutive months) or you are aged 65 or over immediately prior to disablement, TPD means that:

- you have been, for a period of six consecutive months after the occurrence of an injury, sickness or disease, continuously, totally and permanently unable to perform at least two of the following activities of daily living as certified by a registered medical practitioner, and provided such continued inability is irreversible and is certified to be such by that registered medical practitioner:
  - **bathing** – the ability to wash yourself either in the bath or shower or by sponge bath without the standby assistance of another person
  - **dressing** – the ability to put on and take off all garments and medically necessary braces or artificial limbs usually worn, and to fasten and unfasten them without the standby assistance of another person
  - **eating** – the ability to feed yourself once food has been prepared and made available, without the standby assistance of another person
  - **toileting** – the ability to get to and from and on and off the toilet without the standby assistance of another person and the ability to manage bowel and bladder functions through the use of protective undergarments or surgical appliances (if appropriate)
  - **transferring** – the ability to move in and out of a chair without the assistance of another person

### and

- after considering all the medical and other evidence the insurer may require, have become, in the insurer's opinion, incapacitated to such an extent that you are unlikely ever to be able to engage in any occupation for which you are reasonably suited by education, training or experience.

### For death and TPD cover

#### At work

At work means:

- you are engaged in your normal duties, without limitation or restriction due to sickness or injury, and working normal hours on the date your cover (or increased cover, as applicable) is to commence
- you are not restricted by sickness or injury from being capable of performing your full and normal duties on a full-time basis (for at least 30 hours per week) even though actual employment can be on a full-time, part-time, contract or casual basis and
- you are not in receipt of and/or entitled to claim income support benefits from any source.

If you are on approved leave or not gainfully employed for reasons other than sickness or injury, at work means in the opinion of the insurer you are not restricted by sickness or injury from being capable of performing your full and normal duties on a full-time basis (for at least 30 hours per week) even though you are not then working on a full-time basis and you are not in receipt of and/or entitled to claim income support benefits (for sickness or injury) from any source.

If you do not meet these requirements, you will correspondingly be considered not at work.

### **New events cover**

New events cover means you are only covered for claims arising from a sickness which first became apparent or an injury which first occurred on or after the date your cover commenced. This excludes cover for any pre-existing conditions at that time.

For salary continuance cover

### **Accidental disability**

Accidental disability means total disability or partial disability caused directly and independently of any other cause from an unforeseen and unintended accident happening to you and caused by violent, external and visible means.

### **Total disability**

Total disability means disablement resulting solely from sickness or injury that occurs while you have salary continuance cover, which results in you:

1. being continuously unable to perform at least one important duty of your usual occupation necessary to producing income
2. remaining under the regular care and attendance, and following the advice, of a registered medical practitioner in relation to that sickness or injury
3. not engaging in any occupation, whether paid or unpaid
4. suffering a disability which satisfies, in the insurer's opinion, a condition of release under superannuation law.

An important duty is defined as involving 20% or more of overall occupational tasks responsible for generating at least 20% of your pre-disability income (see 'Definitions' for details).

If you are unemployed immediately preceding the occurrence of an event giving rise to a claim, then total disability means disablement resulting solely from injury or sickness, which results in you:

1. being unable to perform any occupation for which you are reasonably suited by education, training or experience
2. remaining under the regular care and attendance of a registered medical practitioner and are following the advice of that registered medical practitioner in relation to that injury or sickness
3. not engaging in any occupation, whether paid or unpaid
4. suffering a disability which satisfies, in the insurer's opinion, a condition of release under superannuation law.

No benefit will be payable during any periods of unemployment for any period of disability resulting directly or indirectly from any mental health disorder, including but not limited to, anxiety disorder, depressive disorders, stress, fatigue, drug or alcohol abuse, behavioural disorders, their treatment or related complications.

### **Partial disability**

Partial disability means immediately following a period of total disability for at least 14 consecutive days, and solely due to that same sickness or injury, after the waiting period has been served, you:

1. are unable to perform one or more duties of your usual occupation
2. are earning an income less than your pre-disability income
3. remain under the regular care and attendance, and following the advice, of a registered medical practitioner in relation to that sickness or injury.

A benefit paid for partial disability will be reduced proportionately to the benefit paid for total disability. It is based on a formula that takes your pre-disability income into consideration regardless of whether your benefit is agreed or indemnity value.

### **Salary**

Salary or income means your basic wage or income. It includes your remuneration package, salary, fees, regular commissions, regular bonuses, regular overtime and fringe benefits, salary sacrificed super contributions but excludes mandatory superannuation contributions and unearned income (eg investment or interest income).

Bonuses, overtime earnings and commissions (as applicable) will be calculated based on the averages received by you from your employer over the last three years.

If you are self-employed, a working director or partner in a partnership, salary means the income generated by the business or practice due to your personal exertion or activities, less your share of necessary business expenses and investment income.

### **Pre-disability income**

Pre-disability income means your average gross monthly income over the 12 months immediately before becoming disabled. If you have been working for less than 12 months, your pre-disability income means your average gross monthly income over your total period of employment immediately before becoming disabled.

## Insurance premiums

**It is important that you ensure your investment balance is sufficient to cover your premiums each month. Your insurance cover will lapse if outstanding premiums are not paid within 60 days. The Trustee has no responsibility for ensuring continuity of your insurance cover and accepts no responsibility if it lapses.**

Your insurance premium and, if applicable, amount(s) of cover are calculated:

- on commencement of your cover
- on notification of certain changes to your personal details (eg occupation)
- as part of the annual insurance review.

The premiums you will pay will depend upon the following factors:

1. the type(s) of cover you request
2. your gender
3. your age
4. your occupation
5. your health
6. your pastimes
7. the sum insured
8. the waiting period before a benefit becomes payable (salary continuance cover only)
9. the benefit period (salary continuance cover only)
10. whether you select a benefit that is agreed value or indemnity (salary continuance cover only).

Age is determined by your age at application date. For existing members, annual premiums change based on your age at 30 June each year.

If we are not advised of your occupation category, then a default light blue collar loading will apply.

Premiums are deducted from your member account monthly in arrears. You can either:

- nominate the investment option(s) from which you would like the premiums deducted or
- have the premiums deducted proportionately across your investment options (default).

No GST is charged on the insurance premiums.

## Occupational loading factors

Your occupational loading factor will be determined by your occupation as well as other information you should provide, including qualifications, industry and daily duties. If you don't provide sufficient details, you may be assessed at a higher occupational loading factor resulting in higher premiums. You are responsible for providing us with this information and updating us for any changes so that the correct occupational loading factor (refer annual premium tables for details) is applied.

## Payments to Perpetual Group relating to insurance

The Perpetual Group may earn an amount paid by the insurer for services and reimbursement of expenses incurred in relation to the insurance arrangements for the Fund. This amount may be up to 10.50% (inclusive of GST) of the standard insurance premiums.

## Death and/or TPD cover

The following premium rate tables outline the various annual premiums payable per \$1,000 of insured benefit for selected ages, taking into account premium factors 1-3. Factors 5 and 6, if necessary, will be assessed via a Personal Statement within the 'Insurance application' form. You may be required to provide further details (including medical tests – see 'Medical evidence' for details), depending on the level of cover you are requesting and your age. Premium loadings may apply due to occupational (see details below tables), health or pastime factors.

## Calculating the cost of cover

### Death and/or TPD cover

For death only, TPD only and death and TPD, the premium payable will depend on the type(s) of cover and benefit amount(s) you nominate (see Examples 1-3).

#### Example 1: Death only cover

A male member aged 40 who is a light blue collar worker would like to be insured for a benefit of \$400,000 in the event of his death (death only cover).

#### Monthly premium:

$$= \frac{\text{Premium rate}^2 \times \text{occupational loading factor}^2 \times \text{insured benefit}}{12 \times \$1,000^3}$$

$$= \frac{\$0.63 \times 1.30 \times \$400,000}{\$12,000}$$

$$= \$27.30 \text{ per month}$$

If you have an equal amount of death and TPD cover, the cost is calculated based entirely on the combined death/TPD premium rate (see Example 2).

#### Example 2: Death and TPD cover for the same amount

A female member aged 35 who is a white collar worker would like to be insured for a benefit of \$300,000 in the event of her death or TPD.

#### Monthly premium:

$$= \frac{\text{Premium rate}^1 \times \text{occupational loading factor}^1 \times \text{insured benefit}}{12 \times \$1,000^3}$$

$$= \frac{\$0.57 \times 1.00 \times \$300,000}{\$12,000}$$

$$= \$14.25 \text{ per month}$$

However, if you have differing amounts of death and TPD cover (see Example 3):

- the combined death/TPD premium rate will apply to the common sum insured amount and
- the relevant death only or TPD only premium rate will apply to the death or TPD cover above the common sum insured amount.

#### Example 3: Death and TPD cover for differing amounts

A female member aged 35 who is a white collar worker would like to be insured for a death benefit of \$400,000 and TPD benefit of \$300,000.

#### Monthly premium for the common \$300,000 sum insured amount:

$$= \frac{\text{Premium rate}^1 \times \text{occupational loading factor}^1 \times \text{insured benefit}}{12 \times \$1,000^3}$$

$$= \frac{\$0.57 \times 1.00 \times \$300,000}{\$12,000}$$

$$= \$14.25 \text{ per month}$$

plus

#### Monthly premium for the additional \$100,000 death cover:

$$= \frac{\text{Premium rate}^2 \times \text{occupational loading}^2 \text{ factor} \times \text{insured benefit}}{12 \times \$1,000^3}$$

$$= \frac{\$0.36 \times 1.00 \times \$100,000}{\$12,000}$$

$$= \$3.00 \text{ per month}$$

#### Total monthly premium:

$$= \$14.25 + \$3.00 \text{ per month} = \$17.25 \text{ per month}$$

- 1 From insurance rate table – Combined death and TPD cover.
- 2 From insurance rate table – Death only cover.
- 3 Premium rates are expressed per \$1,000 of the sum insured.

### Salary continuance cover

For salary continuance cover, the premium payable will depend on the benefit amount you nominate and the basis of your cover (see Example 4).

#### Example 4: Benefit amount and premium

A male member aged 35 who is a white collar worker. He currently earns an annual salary of \$100,000 (excluding super) and would like to take out salary continuance cover in the event of a disablement that will prevent him from working. He would like the benefit to be paid over five years, have a 60 day waiting period and a 10% super contribution component.

#### Monthly insured benefit:

$$= \frac{(75\% \text{ of annual salary})}{12 \text{ months}} + \frac{(10\% \text{ super component})}{12 \text{ months}}$$

$$= \frac{(75\% \times \$100,000)}{12} + \frac{(10\% \times \$100,000)}{12}$$

$$= \$75,000 + \$833.33$$

$$= \$6,250.00 + \$833.33 = \$7,083.33$$

#### Monthly premium:

$$= \frac{\text{Premium rate}^1 \times \text{occupational loading factor}^1 \times \text{insured benefit}}{12 \times \$100^2}$$

$$= \frac{\$4.75 \times 1.0 \times \$7,083.33}{\$1,200}$$

$$= \$28.04 \text{ per month (indemnity basis)}$$

$$= \$28.04 \times 1.2 = \$33.65 \text{ per month (agreed value basis)}$$

In this example, upon payment of a disablement claim by the insurer, he will receive:

- a monthly benefit of \$6,250.00\* (less PAYG tax) and
  - a monthly amount of \$833.33\* paid by us into his Super Plan account as a super contribution.
- \* The benefit payable may be lower if at claim time he is earning less than \$100,000 per annum.

- 1 From insurance rate tables.
- 2 Premium rates are expressed per \$100 of the monthly benefit.
